What makes us unique? We believe our residents describe it best:

"We considered many options. In the end, St. John's felt the most comfortable. While our cottage is perfect and our life is so much easier now, it's the people – residents and staff – that make St. John's so special. We have made so many new friends. There is always something exciting going on. Moving here was easily one of our best decisions!"

"I moved here from York County and have not looked back. No other retirement community felt as warm and friendly as St. John's. I feel like I am part of something special – a community where everyone truly cares about one another."

The words and photos in this brochure provide a snapshot of life at St. John's Herr Estate, but the best way to understand what residents are describing is by visiting and spending some time with us. We look forward to meeting you and showing you why we believe *Potential Is Ageless!*
