

PHILANTHROPY SPECIAL UPDATE

APRIL 8, 2020

Dear Friend,

During these challenging times, it's a comfort to know that we can steadfastly rely on the kindness and generosity of our friends and neighbors. Our team members at Luther Acres, St. John's Herr Estate, and Spang Crest are working diligently to ensure the health and safety of our residents, and our community is rallying around them in a big way!

One encouraging story is about Dr. Thomas Sardina, pictured at right. As the owner of the Sardina Dental Group, he notified his patients that he was limiting dental appointments to emergencies only due to COVID-19. Realizing that he wouldn't be interacting with nearly as many patients as usual, he decided to donate personal protective equipment (PPE) to Luther Acres. His generous donation of 150 face masks and an entire case of gloves will help protect the health and safety of everyone in our community!

Dr. Sardina's story is one of many, and we would like to thank all of the generous organizations and individuals currently supporting LutherCare and our healthcare workers on the front lines.

Please follow and like the LutherCare Facebook page, where you can find more encouraging stories and updates from our campuses. We're all in this together, and we will come out of this stronger than ever.

Blessings,

Ryan Fisher
Director of Philanthropy
