

# PHILANTHROPY UPDATE

JULY 8, 2020

Dear Friend,

At LutherCare, we're proud of our continuing commitment to quality care and the education of future healthcare professionals. Our nursing scholarships, awarded each year to graduating high school seniors, reflect that commitment.

We are so thankful to all of our generous donors who make this possible by supporting our Nursing Scholarship Fund!

Because of you, \$1,000 scholarships were awarded to eight deserving recipients who are all pursuing careers in the nursing industry. The 2020 recipients are: Amanda Beck (Warwick), Alissa Brubaker (Manheim Central), Lindsey Burkett (Manheim Township), Danielle Hackman (ELCO), Carlie Martin (Warwick), Nickea Metzler (Manheim Central), Tenaya Metzler (Manheim Central), and Marysette Velazquez (Lebanon High). These winners are all passionate about the nursing field and will continue their education and professional development at:

- Eastern University
- Pennsylvania College of Health Sciences
- Reading Hospital School of Health Sciences
- West Chester University
- University of Pennsylvania

We know that these students have embarked on a challenging but rewarding path, and we're privileged to support them on their journey.

Thanks again for making all of this possible through your generosity!

Gratefully,

Ryan Fisher  
Director of Philanthropy
