

An Investment for Your *Future.*

Moving to St. John's Herr Estate is about so much more than relocation! It's an investment in your future, freeing you of the responsibilities and hassles of homeownership, enabling you to do the things you love and offering you the security of quality care.

St. John's offers two convenient entrance fee plans, allowing you to *choose* the option that best suits your needs.

Traditional Entrance Fee Plan

This plan requires a lower upfront investment to move to St. John's Herr Estate. The refundable portion of the entrance fee balance declines at a rate of 2% each month. After 50 months (4 years, 2 months), there is no remaining balance.

Asset Preservation Entrance Fee Plan

This plan preserves your assets by guaranteeing a 75% refund of the original entrance fee paid to the resident(s) or their estate after the residence is vacated and re-occupied.

A financial review of each applicant will be conducted to determine whether they have the required assets over and above the entrance fee and monthly service fee. Our Sales Counselor can provide further information.
